What's your best advice about money management?

(This could include saving, reducing costs, or other tips.)

And one for the kids:

“Kids should have pocket money without doing any chores so they can learn to manage money.”

What do you think?

## **Some tips to think about and keep the conversation going:**

- Consider talking about a time you followed or didn't follow this financial advice. What happened?
- Discuss some important lessons you have learnt around money.
