

Salvos Gifts

GIFTS THAT KEEP ON GIVING

**International
Development**
AUSTRALIA

How it works

Pick your Salvos Gift

Browse our catalogue and choose the gifts that inspire you or the loved one you are gifting to. Gifts are divided into three categories: Children, Livelihoods and Health. All correspond with projects supported by The Salvation Army International Development. Use the website or QR code on the back of this catalogue to checkout your gifts online.

Receive your Salvos Gift cards

You will receive an email link to print your own card. You can then personalise and send to your loved one. Make sure you supply your email address at the checkout to receive your cards.

Share a gift that keeps on giving

Your gift will bring hope and joy to families and communities around the world. Share this warm feeling with your loved ones by sending them your personalised gift cards and letting them know the impact of your generosity.

Health

\$100

Toilet Block

Imagine using a dirty toilet, with a roof that leaks during the rainy season and nowhere to wash your hands. When you buy a toilet block, you are providing the facilities that will help to improve the health and hygiene of children and their family, as well as giving them increased safety and security immediately, and long into the future.

\$230

Water Tank

Clean water is the foundation of a healthy community. Children who have access to clean water are healthier, better protected from waterborne illnesses, can attend school more often and use their education to build a brighter future. Your gift of a water tank can do all that – and more.

\$55

Disability Inclusive Support

Improving accessibility to toilets for People Living with a Disability promotes inclusivity and increased dignity. This gift ensures toilets are installed with aids, such as grab rails, to ensure facilities are available for everyone in the community to use, regardless of their mobility.

\$327

Borehole Pump

In many low-income countries, women and children often travel kilometres every day to collect water. You can give communities access to a borehole that provides a clean and consistent water supply. Instead of spending time walking to collect water, children can go to school and women can support their families at home or at work.

\$14

Water Carrier

In a remote village where the only source of fresh, safe water is a well, a 20 litre heavy duty bucket with a lid and nozzle is an invaluable tool. Your gift of a sturdy container will help a family collect water and carry it to their home several times each day. You'll be increasing their quality of life and restoring their dignity too.

Children

\$42

Family Counselling

A strong support system can make all the difference for children and families experiencing difficulties. Your gift will help provide one child with access to a trained counsellor who can talk through social and behavioural influences that directly affect them, as well as provide family counselling services. This will help to foster greater family wellbeing and release a sense of hope.

\$172

Education Grant

Education helps break the cycle of poverty by ensuring children have access to safe and effective schools, well-trained teachers, and a wide variety of programs that lead to healthier and more prosperous futures. You can contribute to the life-long gift of education through Grants for school fees, transport, school resources, tutoring and life skills training.

\$25

Bedding for a Child

You can bless a child as they transition from residential care into a loving family home and wrap them in warmth through the gift of bedding. Sheets, blankets, and a mattress are all useful gifts that will help welcome a child to their new home.

\$246

Welcome Home Bundle

Help support children to make a smooth transition out of residential care and into a loving family environment. Welcome Home Bundles may include beds, mattresses, blankets and bed sheets. Female goats are also provided to offer an additional source of nutrition and income for families.

\$736

Child Health and Safety Training

The protection of children is critical in ensuring they can reach their full potential. Your gift will help establish life-changing training and education programs in schools aimed at encouraging children to understand their rights and value, and to share their concerns about trafficking or exploitation. Children are also taught basic water, sanitation and hygiene practices, which can transform the health and wellness of an entire community.

\$50

School Uniform

In many parts of the world, children cannot attend school without a uniform. When you contribute towards school uniforms children can receive an education. Your gift will help to promote a sense of unity, equality, belonging, discipline and responsibility and contribute to a positive school culture that emphasizes academic growth and personal development. Uniforms may include shirt, shorts, dress, shoes, depending on the region and need.

\$75

Kids Club Resources

Kids Clubs bring together children in a workshop like environment to provide social and behavioural support. At each Club children receive health education (e.g. HIV/AIDS), as well as learning about child rights and the effects of early marriage. Your gift of Kids Club Resources will provide one Kids Club with essentials like stationary, games and balls, and enable children to learn as they play.

Start children off on the way they should go, and even when they are old they will not turn from it.

Proverbs 22:6 (NIV)

Livelihoods

\$12

Chicken

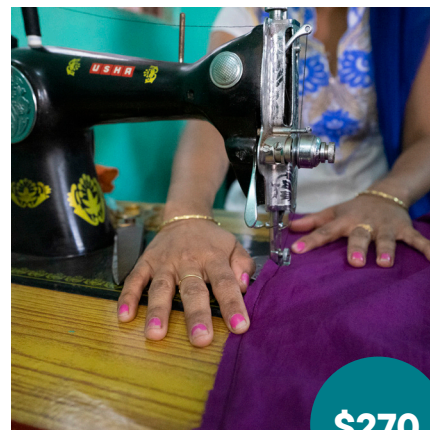

One chicken can change a life – starting with better nutrition. With up to 200 eggs laid per year, and the ability to sell chicks and eggs, the family will have a sustainable food source, and an income that can be the start of a thriving business. This life-changing gift also includes vaccinations to help ward off dangerous diseases, and initial food for the chicken.

\$32

Savings and Loan Starter Kit

A Savings Loan Association helps to empower women financially and promote gender equity. Your gift of a starter kit includes a lock box, keys, basic training, and ledgers for accurate bookkeeping. As women get access to loans for investment into small businesses, they start to become financially independent and go on to help the wider community.

\$270

Skills for Survivors of Trafficking

A long-term recovery plan is put in place to empower a survivor of human trafficking and reduce her vulnerabilities to future trafficking attempts. You can give an at-risk girl two days of training in an income-generating activity. She'll learn skills, like entrepreneurship, life and vocational training, such as farming, agriculture, sewing or hairdressing, all leading to resilience and financial security.

\$50

Farming Kit

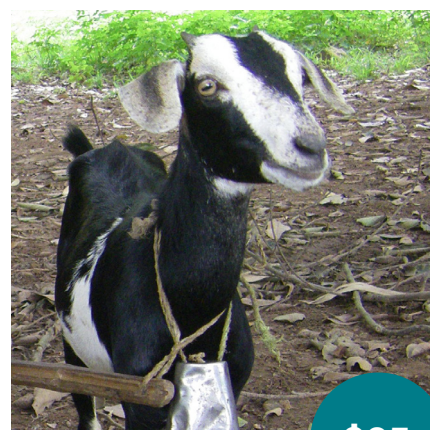

You can help increase the harvest of a family's farm when you provide a Farming Kit. They'll grow more food, eat better and have produce to sell too. This gift includes training in sustainable farming and the tools, seeds and fertiliser needed to get started and be successful.

\$18

Farming Tools

With your gift of Farming Tools, farmers can easily prepare soil for planting crops – thereby starting a healthier life and, potentially, a healthier livelihood. Establishing crops and learning sustainable techniques (as part of this gift) empowers families to farm a secure future.

\$85

Goat for a Family

A goat can provide delicious nutritious milk for a family. The milk is used for drinking and cooking, and any excess is sold. The goat's manure is used to fertilise the garden so that the quantity and quality of vegetables increases, resulting in more food for the family to eat and sell. Better nutrition, improved health as well as increased income makes this a valuable gift.

Beverly's family was gifted two chickens, training and tools to start their own poultry farm. Today, they have a thriving business of over 30 chickens, selling eggs and producing their own food.

She says, "We have been good stewards of what God has provided and our business is progressing well. We are very thankful for the program. It is a gift from God."

You can give a life-changing gift to someone you love.
